Skills

Familiar with solving early-stage startup challenges, DevOps, Deployment, Automated Testing, Continuous Integration, React/Redux, Full Stack Development and Frontend UI/UX Design

Experience

ScoreShots / Co-Founder and CTO

OCTOBER 2015 - PRESENT, FAYETTEVILLE NC

Entered company just after idea and design phase, developed MVP, took product through 1.0 launch. Reinvented product as design and development lead in 2016-2017, deployed 2.0 version, resulted in a >100% Q/Q growth rate. Served as product visionary and lead developer for the React/Redux driven 3.0 version. Currently handle DevOps, deployment, testing, and product management. Created business plan, and pitch to investors. Product recently hit profitability.

Immersion Media / Lead Developer and Strategic Consultant

OCTOBER 2015 - PRESENT, FAYETTEVILLE NC

Entered company as Web Developer, became lead after my first four weeks. Produced web solutions for a variety of clients including USA Basketball, the National Wrestling Coaches Association, and the US Soccer for Success Foundation. In 2016, slowly pivoted the design and film agency into a SaaS company, using profits from contract work to fund development of two bootstrapped products, Practice Planner and ScoreShots.

Aubron Wood Web Solutions / Self Employee - Consultant

JULY 2010 - OCTOBER 2015, CARRBORO, CHAPEL HILL, FAYETTEVILLE NC

Provided web solutions for small businesses for Internal or External use.

Education

North Carolina School of Science and Mathematics / HS

AUGUST 2008 - JUNE 2010, DURHAM NC

Boarding high school, spots given to highest performing NC public school students. Emphasis on CS, allowing me to take through intermediate classes before College

UNC Chapel Hill / BS Computer Science (Degree Incomplete)

AUGUST 2010 - JULY 2012, CHAPEL HILL NC

Focus was in development of assisted interfaces for the web, with the UNC CS Graduate School. DNF, left to pursue Web Development and Consulting
